Tips for using this form

1. If an email message is not created when you select the *Submit by Email* button you will need to update the settings for your default email program. This can be done two ways:
 - a. Apply the change via Control Panel: open Control Panel > Default Programs > Set Program Access and Computer Defaults, Custom, Choose a default email program > then select the email program you want to use (do not use the 'Use my current email program' option).
 - b. Apply the change via Adobe Acrobat*: go to the toolbar and select Edit > Preferences > Internet > Internet Settings > Programs > Set Program > Set Program Access and Computer Defaults, Custom, Choose a default email program > then select the email program you want to use (do not use the 'Use my current email program' option).
- * NOTE: These instructions are current for Adobe Reader Version 9. The exact pathway for newer Adobe products may vary but the concept is the same.
2. If you wish to keep a copy of the form for your own records, you should print and save a copy of the completed form. Please note that the *Submit by Email* option emails an XML file to secretary@ozhpn.org.au rather than a copy of the form itself. Adobe Acrobat Professional or similar programs can import those XML files into a pro-forma copy of the form or into a database.
3. The print button will open the print menu which will select your default printer and print settings.
4. Overseas payers can pay by money order. Please contact treasurer@ozhpn.org.au for more details.
